NEW TERRATEX UPHOLSTERY FROM GUILFORD OF MAINE®

Expressway 34501/34502 - Available in 7 colors

Recycled content: 100% pre-consumer recycled polyester
Unique characteristics: This pattern, along with its colorways, will have cross-appeal into the hospitality and office markets.
Inspiration behind the name: The style resembles streaks of light caused by the lamps of vehicles whizzing down active, overlapping highways.

Headlight 34155 - Available in 7 colors

Recycled content: 100% post-consumer recycled polyester
Unique characteristics: This mid-scale pattern provides a fresh look for the openline. The color palette lends itself to be a wonderful accent for any setting.
Inspiration behind the name: This pattern reminds one of the lamps found on a transportation vehicle...shining through the darkness.

Echo 2551 - Available in 11 colors

Recycled content: 100% pre-consumer recycled polyester
Unique characteristics: This pattern has a warm, soft geometric look. The color line presents great accent colors, along with some nice neutral options.
Inspiration behind the name: The design of this style gives a visual comparison to the repetition of sound produced by the reflection of sound waves from an object.
